

Please join the Board of Directors in extending a warm welcome to Jason and Mark. They have recently joined the YCC #41 Community in the roles of our new live in Superintendents.

With their years of experience, talent and extensive knowledge Mark and Jason will be an asset to our team.

Please take a moment to introduce yourself to Mark and Jason and welcome them to our community as they begin their employment at YCC#41.

Jason can be reached at 416-571-3667

Mark can be reached at 416-559-8592

Markham Glen

## YCC #41 Newsletter

*October 2019*

*Issue 26*

Welcome to the October 2019 Issue of the YCC #41 Newsletter. This newsletter will give you the latest news and information about what is going on in the building:

- **Halloween 2019**
- **Heat in the Building & Thermostat Usage**
- **FOG / Cooking Oil Project**

**Contact The Board of Directors?** Log on to the YCC #41 website and send the Board of Directors an email: [www.ycc41.com](http://www.ycc41.com)

York Condominium Corporation No. 41 Website: Please visit our website at: <http://ycc41.com/> for all your information and news about the Corporation. All Forms can now be downloaded for convenience. The Board of Directors can be contacted via email.

YCC #41 will be celebrating Halloween in the Lobby.

Please bring candy to the YCC #41 office by October 25, 2019 if you wish to contribute to treat bags for the children.

TRICK OR TREAT

If you wish to volunteer with Halloween preparation and with candy distribution please leave name with YCC #41 Office.

## Important Reminders:

- **Heat in the Building & Thermostat Usage**

As the weather turns colder, please refer to your thermostat.

The thermostat controls the level of heat in your unit.

Move the dial from level #1 to level #5 to increase or decrease the heat in your unit.

- Level #1 is the lowest level of heat intensity.
- Level #5 is the highest level of heat intensity.

To turn the heat off completely in your unit move the thermostat below level #1 or past level #5.

- **FOG**

FOG, fats, oils and greases should never go down the drains. FOG is a cooking byproduct from meats, lard, oils, shortening, baked goods, dairy products, sauces and dressing...etc.

**How to dispose of cooking oils in 2 Easy Steps:**

- 1) Collect used cooking oil in a container.
- 2) Bring container to the garbage room and place on the floor beside the collection bin.

The Superintendents will empty the cooking oil into the container for you. York Condominium Corporation No. 41 has made arrangements for used cooking oil to be recycled environmentally friendly fashion at no charge to the Corporation.

The Board of Directors welcome all comments and suggestions for upcoming articles in our newsletter. The easiest way to contact us is by email via the website at <http://ycc41.com> We hope to hear from you and look forward to your suggestions and /or comments.
