

## Register a Guest

Register a guest in visitor's parking for a 24 hour period by calling:

**PEREGRINE SECURITY CONSULTING LIMITED**  
**416-236-6516**

The following information must be provided in order to avoid being issued a parking violation. If any of the information below is missing, you will be tagged:

### **ADDRESS and UNIT NUMBER of the Resident LICENSE PLATE and make of Vehicle DATE and TIME**

A license plate may be called in only 10 times a month

FYI:

There is no idling in the underground garage as per City of Toronto bylaw #517-2; A. No person shall cause or permit a vehicle to idle for more than one minute in a sixty minute period.

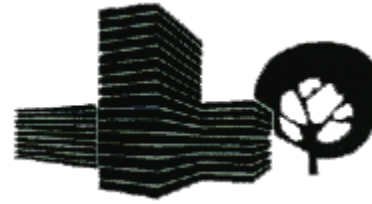

No Smoking within 9 metres  
of Building Entrance or Exit

Toronto Municipal Code Chapter 709

### **Have you noticed the new By Law Signs.**

The law prohibits smoking in enclosed public places in Ontario. In multi-unit housing, this would apply to common areas such as: elevators, stairwells, hallways, parking garages, laundry facilities, lobbies, exercise areas and entertainment rooms. Visit the Ontario Ministry of Health and Long-term Care for more information about the law regarding [SFOA and multi-unit housing](#). There is no law in Ontario that prohibits smoking in private residences, but making your home smoke-free is the best way to **protect yourself and your family from exposure to [second-hand smoke](#)**.

## **Holiday Decorations**

**No natural Christmas Trees are permitted in the building.** They are a fire hazard (York Condominium Rule & Regulation #33).

In addition, **no holiday decorations are permitted to be hung on the window sills, railings and other external parts of the unit** (York Condominium Rule & Regulation #12); such decorations could cause damage to person(s) or property should they fall.

## **Winter Weather**

With the weather turning cold outside, you might be turning up your thermostat in your unit.

The thermostat controls the level of heat in your unit.

Move the dial from level #1 to level #5 to increase or decrease the heat in your unit.

- Level #1 is the lowest level of heat intensity.
- Level #5 is the highest level of heat intensity.

To turn the heat off completely in your unit move the thermostat below level #1 or past level #5.
